6 free copy-the-picture activities for kids aged 4–10

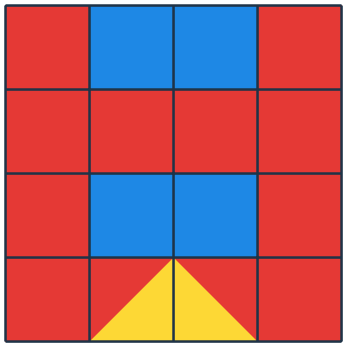

Little House

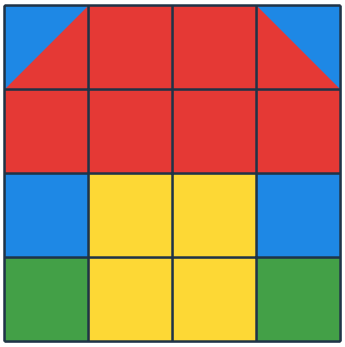

Sailing Boat

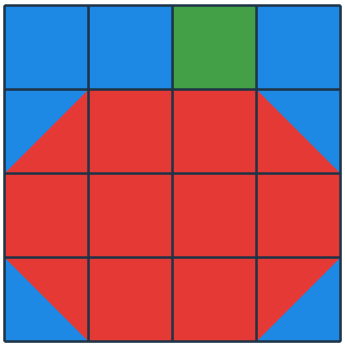

Heart

Castle

Mushroom

Apple

How to play

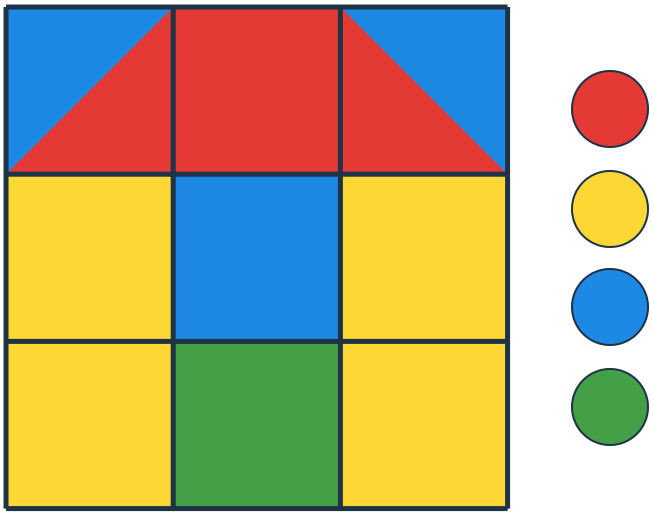

1. Look at the coloured picture at the top of the page.
2. Find the same square in the empty grid and colour it in.
3. Some squares have two colours. The dotted lines show where to split them.

Tips for grown-ups

- Start with the 3×3 pictures. The 4×4 pictures are harder.
- Crayons or felt-tips both work. Print the pictures in colour.
- Ask “Which square comes next?” instead of pointing at the answer.
