Winter Mosaics

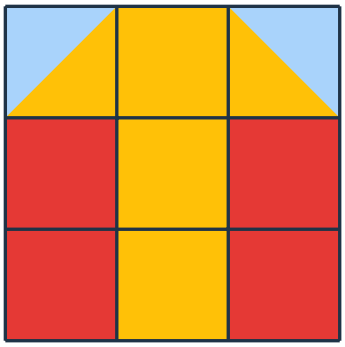

6 free copy-the-picture activities for kids aged 4–10

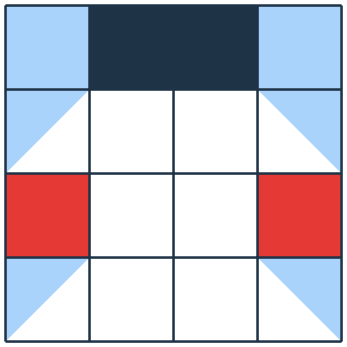

Christmas Tree

Santa Hat

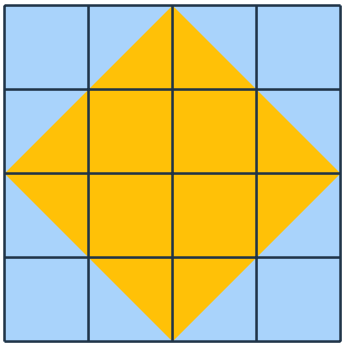

Gift Box

Snowman

Snowy House

Star

How to play

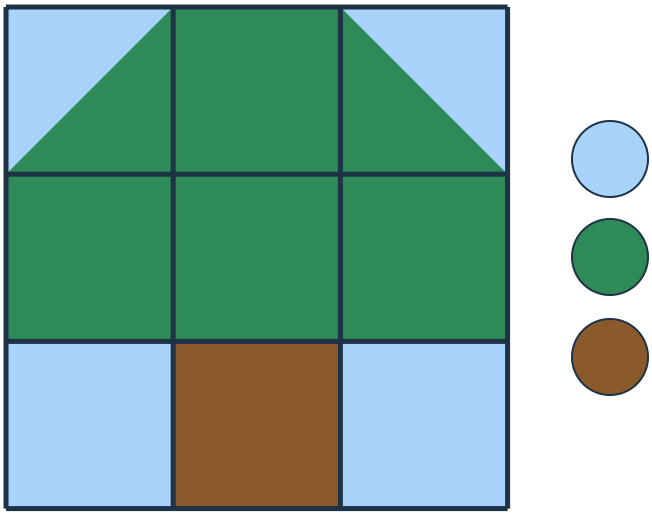

1. Look at the coloured picture at the top of the page.
2. Find the same square in the empty grid and colour it in.
3. Some squares have two colours. The dotted lines show where to split them.

Tips for grown-ups

- Start with the 3×3 pictures. The 4×4 pictures are harder.
- White squares can stay blank: that is the snow.
- Crayons or felt-tips both work. Print the pictures in colour.
- Ask “Which square comes next?” instead of pointing at the answer.
